TOTAL		18
TOTAL CREDITS		34

The Barber Technician certificate provides the student with the knowledge and skills required to perform the functions of a barber in the field of beauty, design, and management of the beauty salon: shaving, hair drying and color techniques. The knowledge that the student acquires will help him or her to perform in jobs in places such as: barbershops or beauty salons, in the management of a beauty salon or barber shop, and in home working. The certificate has been designed with the objective of training students in the field of beauty in an adequate way and in accordance with the parameters of the Examination Board of this profession in Puerto Rico. The content of this Program will provide students with the necessary competencies to apply for the revalidation exam or certification, as required to be able to practice the profession in Puerto Rico.

Requirements:

1. Bundle materials to carry out the internship in the salon. The student may choose to purchase the materials or accept the charge of the lump in the tuition.
2. Uniform in the classroom.

Supervised Practice:

1. You will not be able to start the internship if you have not passed the following courses: CBAR 0110, CBEU 0120, CBAR 0150, CBAR 0250, CBEU 0140.
2. Supervised practice that requires you to perform in a real-world work setting as part of the degree requirements. Complete 210 hours at the practice center.
3. These outside facilities can be state and federal agencies, hospitals, and non-governmental organizations, among others. In some cases, the governing board or agency of the profession requires the student to meet certain requirements to participate in such a practice.
4. It is the student's responsibility to stay informed of these requirements and to ensure that he/she can meet them to complete the supervised internship requirement.
5. It will be the student's responsibility to comply with the requirements of the external center to carry out their internship.
6. Such requirements may be, depending on the practice center, health certificate, negative criminal record certificate or any other that the institution or practice center requires.
7. If the student refuses or is unable to comply with any of them, he/she may be unable to carry out his/her internship and, consequently, he/she may not pass the internship course or meet the graduation requirements of his/her academic program.

Note: All students must comply with all of the requirements in the Technical Certificate Program Catalog available on the aguadilla.inter.edu website. The student's official evaluation is conducted by the Registrar's Office and the graduation fee is charged at tuition in the second semester.

Concentration courses must be passed with a minimum grade of C, and in practice a minimum grade of B is required.
